

Adjunct Faculty Association of MCCC

FALL CONFERENCE 2003

Promoting Learning and Critical Thinking

October 25th - 8:30am-3:00pm - Scottsdale Community College (Turquoise Room)

Featuring Keynote Speaker Dr. Mark Milliron: "The Learning Dialogs"

"Educators are wrestling with major trends, key issues, and rapid change. In this kind of environment, it's more important than ever to have thoughtful dialogs about issues that impact our daily work --- and to do it in a way that can enliven our institutions. This session offers a set of key learning issues for dialog surrounding learners, teaching, brain research, technology, creativity, democracy, and courage. The hope is these dialogs can help us foster and ready education that engages, inspires, and prepares educators and students for the road ahead." - *President and CEO of the League for Innovation in the Community College*
